(608) 783-4200

We offer many proven industry-leading products to choose from. Explore the innovation of the gate hardware industry and determine which option is best for you.

There are a variety of styles, applications, and colors available.

KWIKFIT HINGES

Aluminum adjustable, self-closing gate hinges are an ideal choice for light to medium-weight gates around the home. Tough, powder-coated aluminum construction with 6 adjustable tension settings provide a finer self-closing adjustment to suit a range of metal gates. No rusting, no binding, no sagging and no staining.

GATE HANDLE

Features strong polymer construction, modern ergonomic design and is guaranteed against rusting and staining.

SPRING-LOADED STAINLESS STEEL LATCH

You can place a padlock on either side of this latch. Standard black or white, as well as custom colors are available.

MAGNALATCH SIDE-PULL

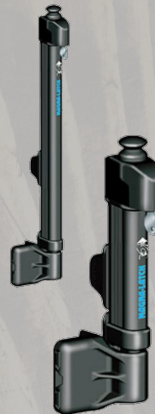

Following the tradition of safety, strength and style set by the entire MagnaLatch range, this lockable model is ideal for use on both metal and wood gates around homes and gardens.

LOKKLATCH/ LOKKLATCH PRO SL

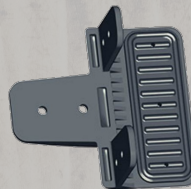

You can place a padlock on either side of this latch. Standard black or white, as well as custom colors are available. The Pro SL option remains locked at all times and is only accessible with accompanying key.

VERTICAL PULL MAGNALATCH

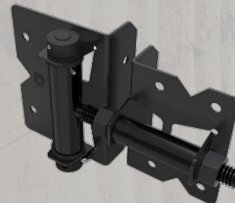

The Vertical Pull model uses the same revolutionary technology as the MagnaLatch Top Pull but in a smaller, more compact design. The Vertical Pull is suitable for taller pool gates where it will still be out of reach of children, as well as on garden and household gates. Also available with built-in alert feature.

GATE STOP

Molded from high-strength polymer materials, this gate stop is guaranteed against rust and stain. An integrated rubber buffer protects against "gate slam" and reduces noise significantly.

ADJUSTABLE STAINLESS STEEL HINGE

This self-closing hinge is designed with a powder-coated finish. In addition to standard black or white, many different color options are available.

LOKKBOLT

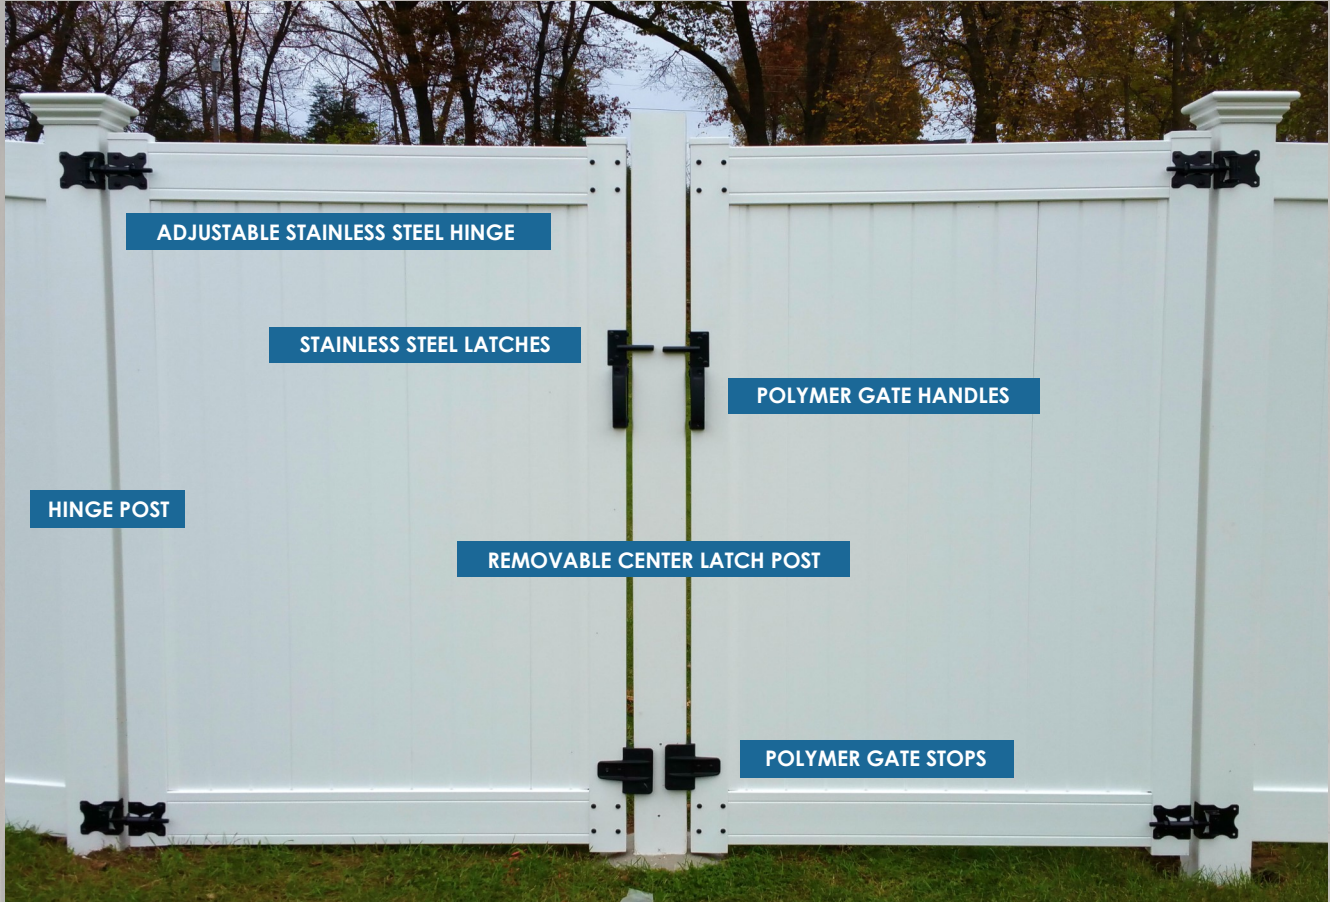

The Lokk Bolt is a lockable security bolt that provides long-lasting privacy and security in a superbly stylish drop bolt for all types of gates especially double-drive gates. Quick and simple to install on all gate and fence materials, there are special models available for metal, wood and vinyl gates. Wood and vinyl gate models feature special fixing points for added strength. An optional Base Plate offers added strength to the securing ground hole.

GATES

2726 LARSON ST
LA CROSSE, WI 54603
